

## **INA A. COLEN ACADEMY BEFORE AND AFTER CARE WAIVER OF LIABILITY AND RELEASE OF CLAIMS**

Dear Parent or Guardian,

Ina A. Colen Academy After-School Program provides a safe environment for your children. The program offers developmentally appropriate activities, and supports the physical, social, emotional and health needs of our participant students.

Our After-School Program staff members are trained for medical emergencies (CPR and First Aid). However, please be aware we do not have a nurse available to provide nurse coverage, oversight, or training after school hours. Parents/Guardians may request they be called to manage any medical problems themselves.

Ina A. Colen Academy After-School Program only accepts rescue medication such as an Epi Pen and inhalers. A physician must order the medication, prescription, or non-prescription. All medications must be in the original pharmacy packaging with proper labeling with the student's name. You must complete an "Authorization for Prescribed Medication" form for each medication your child is to receive at the Ina A. Colen Academy Afterschool Program.

Diabetic students will see the school nurse before attending the afterschool program to receive a final check and, if necessary, eat a snack. Students are not allowed to self-carry medications while attending the afterschool program without the required approved documentation. For your child to carry their own diabetes supplies/equipment and or/or medication you must fully complete an "Authorization to Carry Diabetes Supplies" form. Parents of students with Emergency Action Plans must provide a copy of the plan, signed by both the healthcare provider and the parent, to the afterschool program director. Please complete, sign and submit all the required forms and health plans to Ms. Jessica Thauer, the After-School Care Program Director, at [Jessica\\_Thauer@iacaf1.org](mailto:Jessica_Thauer@iacaf1.org). This is for the safety of your child and others.

If a medical emergency occurs, the parent or guardian will be notified immediately. Your specific instructions regarding action to be taken will be followed. Ina A. Colen Academy Afterschool Care Program personnel will take proper action if the parent cannot be reached. The action of the program personnel does not obligate the personnel or the school to assume financial responsibility.
